ABOUT ME

Software Engineer with 6 years of experience and a Bachelor's degree in Computer Engineering from Ankara University. Delivered over 20 web and mobile applications.

WORK EXPERIENCE

[07/2022 – Current]

Senior Software Engineer

Toptalla

Technologies: React • Node.js • Strapi • Ionic capacitor • Microsoft Azure

- Implemented microfrontend architectures to enhance scalability and allow independent deployment of application features.
- Led development of a cross-platform salon management app, enabling efficient booking, staff, and financial management across Web, iOS, and Android apps.
- Integrated point of sale (POS) systems, automated administrative tasks, and 3 payment gateways.
- Optimized load times by 40% and implemented state management solutions.

[07/2021 – 02/2022]

Full Stack Developer

Aman for digital marketing

Technologies: Angular • Flutter • Node.js • Firebase

- Managed the entire development lifecycle, building 2 Angular websites and 1 Flutter app from concept to deployment.
- Implemented real-time data synchronization and push notifications.

[01/2019 – 07/2021]

Full Stack Developer

Freelance

Technologies: React • React Native • Next.js • Firebase • Node.js

- Provided ongoing maintenance and support for client projects.
- Adapted to diverse technology stacks based on client needs and project requirements.
- Improved client website visibility through SEO.

[07/2018 – 01/2019]

Full Stack Developer

Zero Full Solution

City: Gaziantep | **Country:** Türkiye

Technologies: Angular • Node.js • MongoDB • Firebase • AWS (Amazon Web Services)

- Collaborated with UX/UI designers for user-friendly interfaces.
- Gained experience in front-end and back-end technologies.

EDUCATION AND TRAINING

[09/2020 – 07/2024]

Bachelor's degree: Computer Engineering

Ankara University

City: Ankara | **Country:** Türkiye | | **Final grade:** 3.56 / 4.00 | **Level in EQF:** EQF level 6

Data Structures, Algorithms, Software Engineering, Programming Language Concepts, Artificial Intelligence, Deep Learning

DIGITAL SKILLS

My Digital Skills

Front-End Development

React | Next.js | Angular | HTML | CSS

Back-End Development

Node.js | Koa.js | Knex.js | Strapi | Express.js | Firebase | PostgreSQL

Mobile Development

Ionic Capacitor | Flutter | React Native

DevOps/Cloud

Docker | Azure | AWS | CI/CD

Programming Languages

TypeScript | JavaScript | Python | C

LANGUAGES

English, German, Arabic, Turkish

PROJECTS

[04/2024 – 06/2024]

DemocraSeed EU

Technologies: React • Next.js • Tailwind css • TypeScript

Next.js static site focused on performance and user experience, translated into 10 languages with cookie privacy settings for a Germany-based audience.

Link: <https://www.democraseed.eu/de>

[03/2024 – 05/2024]

Mängel Melder

Technologies: React Native • Expo • TypeScript

React Native mobile application for Android and iOS, designed for reporting urban issues across Germany. Enhanced accessibility with screen reader support and keyboard navigation.

[10/2023 – 01/2024]

Speech Emotion Recognition

Technologies: Python • Speech Recognition • Keras • Pandas • TensorFlow

Together with my classmates, we enhanced a speech emotion recognition model to state-of-the-art levels, achieving an impressive 92% accuracy.
